# Compliance & SOC-as-a-Service

**CONTINUOUS CYBERSECURITY & COMPLIANCE™**

Red River and Abacode unifies Cybersecurity & Compliance from our 24/7 Compliance & Security Operations Center providing threat and compliance management in near-real-time. The combination of software-driven security & compliance solutions and deep expertise enables our Virtual Compliance SOC to extend our industry leading MDR capability to include full compliance reporting, detection and response.

Red River and Abacode eliminates uncertainty & complexity for our clients allowing them to see a dramatic improvement in threat detection and protection and a new-found visibility into regulatory compliance.

## REAL-TIME VISIBILITY OF YOUR ENTIRE THREAT & COMPLIANCE LANDSCAPE

### Fully Managed Surveillance

- SIEM and AI Threat Detection software that monitors your remote and on-premises endpoints
- Managed network surveillance provided by trained Security Operations Center (SOC) Analysts who enact incident response and escalation protocols
- Threat exchange communities that enable sharing web reputation information
- Threat Hunting and Threat Intelligence from independent, third-party cybersecurity labs, including updates to signatures, vulnerabilities, correlations, reporting, and incident response content

### Continuous Compliance Monitoring

- Dedicated compliance dashboard showing the real-time state of your compliance program
- Full integration with SIEM for real time alerting of events that affect compliance posture
- Evidence repository for attestation
- Continuous monitoring by experienced compliance analysts
- Controls implementation and audit liaison available

### Multi-Level Threat Prevention

- Cloud-native Endpoint Protection
- Network & Host Intrusion Detection (NIDS / HIDS)
- File Integrity Monitoring (FIM)
- Cloud Environment & Application Monitoring
- User Behavior Analytics
- Tier 1-3 Security Operations Center (SOC) Analysis
- Automated Response Playbooks Cyber Lorica™ is an advanced level of protection that detects and responds to potential security incidents around the clock from our Security Operations Center (SOC). Our platform offers custom-built security, monitored 24/7 by industry leading experts.

**TECHNOLOGY DECISIONS AREN'T BLACK AND WHITE. THINK RED.**
