

OSCE²R

Operational Simulated Cyber Environment for Enhanced Resiliency

Period of Performance: Feb 2021– Feb 2027

* Extension to Feb 2026 projected

Ceiling: \$98M (\$87M Remaining); RDT&E (61-67) Funds Only

OSCE²R SCOPE

Operational Simulated Cyber Environment for Enhanced Resiliency (OSCE²R) is an awarded Broad Agency Announcement (BAA) with a \$97M ceiling for RDT&E funds. OSCE²R allows for rapid contracting acquisition to support critical cyber mission needs with the ability to add additional teammates if there is someone in particular you want as a vendor to provide the services. OSCE²R provides development, enhancement, integration, and transition of the following cyber mission areas:

- Cyber Threat Avoidance and Cyber Defense
- Full Spectrum Cyber Operations
- Cyber Network Exploitation
- Cyber Situational and Mission Awareness
- Cyber Command and Control
- Cyber Modeling, Simulation, and War Gaming
- Cyber Infrastructure
- Cyber Mission Assurance

TEAM INVICTUS CAPABILITIES

- 60+ Person Corporate SCIF with JWICS Connectivity
- Mobile Platform and Vulnerability Research Cybersecurity Lab
- Over 250 Employees Embedded in Customer Spaces Across 13 States and 3 Countries
- Current Relationships with some of the Top Cybersecurity Labs in the United States
- Cyber Test Range Located in Playas, New Mexico

PROCESS FOR PARTNERING ON OSCE2R

“It’s Easy!”

AFRL advertises 3-4 weeks from funds on contract to start of work.

CYBER RESEARCH INTEREST AREAS

- Cyber Detection and Evasion Tools (Poison and Antidote) including AI/ML
- Offensive Cloud Research/VR
- Cyber Threat Modeling and Emulation (includes Deception Plans)
- Applying Automation to Forensic Testing (Orchestration of Plans)

ABOUT TEAM INVICTUS

Team Invictus combines industry leading operational cyber capability development companies and labs with cutting-edge modeling and simulation capabilities, a live-testing environment, and deep expertise across threat, platform and technology specific areas. Our overall approach is to provide government customers with a menu of options to meet their cyber requirements. We provide cyber capability to NSA, USCYBERCOM and other government organizations. Team Invictus’ current catalog contains over 300 mission ready operational cyber capabilities.
