

# SEWP VI Ordering Guide

Red River holds two contracts under the NASA Solutions for Enterprise-Wide Procurement VI (SEWP VI) vehicle and is accepting orders.

## SEWP VI Overview

### NASA SEWP VI

The NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced “soup”, provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space. Originally, the contract vehicle provided only technology products for NASA and all other agencies.

SEWP has continually evolved over the past 30 years, expanding its scope to meet the requests of its customers. The SEWP vehicle represents acquisition innovation within the Federal Government. The program is self-funded through usage fees (0.34%) and provides all Federal agencies with acquisition support - more than 50,000 orders a year.

## Red River and SEWP

Red River’s well-established SEWP management team maximizes value for customers and offers over one million innovative products and best-in-class services to deliver the best value portfolio to meet SEWP customers’ technology needs. Through Red River and SEWP VI, federal agencies, government contractors and government-owner contractor operated (GOCO) organizations can access the latest hardware, software and technology services.

### Placing an order with SEWP VI

All Delivery Orders must be sent to the SEWP Program Office (PMO). Once received from the customer, SEWP will process your order and assign a SEWP Tracking Number (STN). The SEWP Bowl will then send the order to the Contract Holder for processing. You can contact Red River at [SEWP@redriver.com](mailto:SEWP@redriver.com) with any SEWP related questions or concerns.

## What's In Scope For SEWP VI?

SEWP is designed to provide a broad suite of Information Technology, Communication and Audio Visual (ITC/ AV) solutions and services. Technology is ever-evolving and for that reason SEWP's processes enable our Contract Holders to add new commercial technology and IT services to their contract daily, as requested by our customers. The focus of SEWP is on full suite of technology offerings that simplify Governmental access and Industry offerings across the entire ITC/AV solutions and services landscape. SEWP is composed of three (3) scope categories detailed below. If you would like SEWP to determine if your requirement is within scope of the SEWP VI contract, please send an overview and/or bill of materials (BOM) to [help@sewp.nasa.gov](mailto:help@sewp.nasa.gov) and we will quickly review and provide feedback.

The SEWP Contracts were awarded by scope category, the three categories are:

**Category A - ITC/AV Solutions**

**Category B - Enterprise-Wide ITC/AV Service Solutions**

**Category C -Mission-Based ITC/AV Service Solutions**

## Fair Opportunitiy

FAR 16.505(b) (1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding \$10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP Quote Request Tool (QRT) will automatically include the Contract Holders within a selected Group or based on a suggested source.

## Red River SEWP Contact Information

To obtain a quote for hardware, software, or services it is recommended you use the SEWP Quote Request Tool (QRT). If you have questions about an order, requiring technical support or looking for a product, please contact our SEWP VI Program Manager or Deputy Program Manager.
